

Diagram 1: A 3x3 grid with the number 1 in the middle of the top row.

Diagram 2: A 3x3 grid with the numbers 1 and 2. 1 is in the middle of the top row, and 2 is in the cell directly below 1.

Diagram 3: A 3x3 grid with the numbers 1, 2, and 3. 1 is in the middle of the top row, 2 is in the cell directly below 1, and 3 is in the cell directly below 2.

Diagram 4: A 3x3 grid with the numbers 1, 2, 3, and 4. 1 is in the middle of the top row, 2 is in the cell directly below 1, 3 is in the cell directly below 2, and 4 is in the cell directly below 3.

Diagram 5: A 3x3 grid with the numbers 1, 2, 3, 4, and 5. 1 is in the middle of the top row, 2 is in the cell directly below 1, 3 is in the cell directly below 2, 4 is in the cell directly below 3, and 5 is in the middle of the bottom row.

Diagram 6: A 3x3 grid with the numbers 1, 2, 3, 4, 5, and 6. 1 is in the middle of the top row, 2 is in the cell directly below 1, 3 is in the cell directly below 2, 4 is in the cell directly below 3, 5 is in the middle of the bottom row, and 6 is in the cell directly above 5.

Diagram 7: A 3x3 grid with the numbers 1, 2, 3, 4, 5, 6, and 7. 1 is in the middle of the top row, 2 is in the cell directly below 1, 3 is in the cell directly below 2, 4 is in the cell directly below 3, 5 is in the middle of the bottom row, 6 is in the cell directly above 5, and 7 is in the cell directly above 6.

Final 3x3 Magic Square:

|   |   |   |
|---|---|---|
| 8 | 1 | 6 |
| 3 | 5 | 7 |
| 4 | 9 | 2 |
